

## Free Sustainable Energy Forum

Thursday, October 18th, 6pm  
Staff Club, University of Queensland

Learn about your options from three experts in alternative energy:

- **Russ Holmes** from Local Power will discuss home solar photovoltaic installation.
- **Gerry Grove-White**, CEO of Geodynamics Ltd will explain the use of geothermal energy.
- **Ian Lloyd-Besson** from Wind Prospect Group will give an insight into the barriers to the use of this ubiquitous resource.

Each speaker will explain how we can reduce our carbon emissions by using sustainable sources of electricity.

*Meet the Queensland Greens candidates for the Federal seats of Moreton: Emma Hine, Ryan: Evan Jones and Oxley: Austin Lund, and lead Greens Senate candidate Larissa Waters.*

Light refreshments provided

Proudly hosted by the West Brisbane Branch of the Queensland Greens.
